IN THE HOUSE OF REPRESENTATIVES

MARCH 17, 2016

Mr. WALBERG (for himself and Mr. KLINE) introduced the following bill;
which was referred to the Committee on Education and the Workforce

A BILL

To require the Secretary of Labor to nullify the proposed rule regarding defining and delimiting the exemptions for executive, administrative, professional, outside sales, and computer employees, to require the Secretary of Labor to conduct a full and complete economic analysis with improved economic data on small businesses, nonprofit employers, Medicare or Medicaid dependent health care providers, and small governmental jurisdictions, and all other employers, and minimize the impact on such employers, before promulgating any substantially similar rule, and to provide a rule of construction regarding

the salary threshold exemption under the Fair Labor Standards Act of 1938, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Protecting Workplace
5 Advancement and Opportunity Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) The proposed rule of the Department of
9 Labor entitled “Defining and Delimiting the Exem-
10 tions for Executive, Administrative, Professional,
11 Outside Sales and Computer Employees” (80 Fed.
12 Reg. 38516 (July 6, 2015)) provides a minimum sal-
13 ary requirement that would be—

14 (A) a 113-percent increase during the first
15 year after the final rule takes effect from the
16 salary threshold in effect on February 29,
17 2016; and

18 (B) an increase that would set the Federal
19 minimum salary threshold 20-percent higher
20 than the minimum salary threshold under any
21 State law effective on the date of enactment of
22 this Act.

23 (2) The Secretary significantly underestimated
24 the cost of compliance with the July 6, 2015, pro-

1 posed rule. Public comments calculate such rule will
2 impose financial and nonfinancial costs substantially
3 higher than those estimated by the Department.

4 (3) According to the Office of Advocacy of the
5 Small Business Administration, the initial regulatory
6 flexibility analysis of the July 6, 2015, proposed rule
7 required under section 603 of title 5, United States
8 Code, failed to adequately identify the number of
9 small entities affected by such rule and failed to ad-
10 dress how such rule would affect regions with lower
11 costs of living and differences in certain industries.
12 On September 4, 2015, the Office of Advocacy of
13 the Small Business Administration submitted com-
14 ments to the Secretary regarding such rule, includ-
15 ing recommendations to—

16 (A) reanalyze “the economic impact of this
17 rule on small businesses”, to “provide a more
18 accurate estimate of the small entities impacted
19 by this proposal”, and to “include an analysis
20 of industry sub-sectors, regional differences,
21 and revenue sizes”;

22 (B) reanalyze “the number of small non-
23 profit organizations and small governmental ju-
24 risdictions . . . that are affected by this rule

1 and the economic impact of this rule on these
2 entities”; and

3 (C) provide greater transparency with re-
4 spect to “compliance cost data” and to “utilize
5 data provided in the comment process to accu-
6 rately estimate the human resources and finan-
7 cial management costs of this regulation”.

8 (4) The Secretary did not consider the potential
9 impact of the July 6, 2015, proposed rule on work-
10 place flexibility. Public comments address concerns
11 that employees who are reclassified from exempt to
12 nonexempt employees may no longer be able to par-
13 ticipate in workplace flexibility arrangements and
14 programs.

15 (5) The Secretary did not analyze the potential
16 impact of the July 6, 2015, proposed rule on compa-
17 nies that operate in multiple States with different
18 costs of living and different salary scales, and the
19 costs and unique complications for these employers
20 associated with reclassifying thousands of employees
21 in multiple States.

22 (6) The July 6, 2015, proposed rule automati-
23 cally updates the salary threshold on an annual basis
24 for purposes of defining employees subject to the ex-
25 emption under section 13(a)(1) of the Fair Labor

1 Standards Act of 1938 (29 U.S.C. 213(a)(1)) for all
2 subsequent years, contrary to the requirement under
3 such section that the definitions applicable for the
4 exemption shall be “defined and delimited from time
5 to time by regulations of the Secretary”. The Sec-
6 retary does not have the authority to increase the
7 salary threshold on an annual or other basis without
8 conducting notice and comment rulemaking with re-
9 spect to each change in accordance with section 553
10 of title 5, United States Code.

11 (7) Although not proposed in the July 6, 2015,
12 proposed rule, the Secretary indicated that changes
13 to the duties tests may be included in the final rule,
14 without providing for notice and comment regarding
15 the specific proposed revisions.
